## **GOLD RESOURCE CORPORATION CLARIFIES FEDERAL OPEN PIT PERMIT ANNOUNCEMENT**

**DENVER – August 13, 2009** – Gold Resource Corporation (GRC) (OTCBB: GORO, FRANKFURT: GIH) needs to clarify its previous press release of August 12, 2009. Information provided by its Mexican environmental consultant assisting GRC in obtaining the Federal permits prematurely informed the company it had been “granted the permit” but in fact it has not yet taken possession of the permit. Though the company believes this to be a technicality at this point and that the permit is very close to being issued to the company it does not yet have it in its possession.

### **About GRC:**

This press release contains forward-looking statements that involve risks and uncertainties. The statements contained in this press release that are not purely historical are forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. When used in this press release, the words “plan”, “target”, “anticipate,” “believe,” “estimate,” “intend” and “expect” and similar expressions are intended to identify such forward-looking statements. Such forward-looking statements include, without limitation, the statements regarding Gold Resource Corporation’s strategy, future plans for production, future expenses and costs, future liquidity and capital resources, and estimates of mineralized material. All forward-looking statements in this press release are based upon information available to Gold Resource Corporation on the date of this press release, and the company assumes no obligation to update any such forward-looking statements. Forward looking statements involve a number of risks and uncertainties, and there can be no assurance that such statements will prove to be accurate. The Company’s actual results could differ materially from those discussed in this press release. In particular, there can be no assurance that commercial production at the El Aguila Project will be achieved in the time frames estimated, at the rates and costs estimated, or even at all. Factors that could cause or contribute to such differences include, but are not limited to, those discussed in the company’s 10-K filed with the Securities and Exchange Commission
